

Chapter Eight

PLANET X AND THE PROPHETIC EQUATION ... GET READY ...

Posted By: yonakatan

In love I share this article with you all ...

Planet X is real and is producing at this very moment catastrophic and chaotic effects on our planet's weather and geological systems, which can only increase ... read on ... it is a long article, but well worth your time to read for its eternal import. Permission is granted to post it in its entirety as confirmed by the words at the bottom of the page.

The Last Call

The Prophetic Equation

“.....and fearful sights and great signs shall there be from heaven,” Luke 21:11.

“And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring;

Men’s hearts failing them for fear, and for looking after those things which are coming on the earth: for the powers of heaven shall be shaken,” Luke 21:25-26.

“And I will show wonders in heaven above, and signs in the earth beneath; blood, and fire, and vapor of smoke.

The sun shall be turned into darkness, and the moon into blood, before that great and notable day of the Lord come,” Acts 2:19-20.

Planet X

Many readers have sent me emails and letters, and have called me on the phone, inquiring about Planet X. When Planet X did not show up in May of 2003 as anticipated, many people dismissed the entire subject as just another hoax. Some people, primarily those espousing Preterist theology, wrote to scoff and mock and ridicule me for “falling for that Planet X hoax,” just as God’s Word predicted they would, 2 Peter 3:3-6.

LC – March- April, 2006 Page 3

Folks, I suggest that the Preterists and others of like mind, reserve their laughter. In view of ever worsening conditions on earth, they may need a little humor just to face the future. Planet X is not a hoax. Planet X is still coming! I made this clear in our August, 2003 newsletter, in which we published the latest info on Planet X including news items, photos, and diagrams of its approach, and correlated its coming with many prophetic Scriptures. Copies of our August, 2003 newsletter are still available. Just write and request a copy.

I pointed out in that newsletter that Planet X is a huge planet, nearly six times larger than the earth. It is a very dark planet. It does not easily reflect light. For more than 400 years astronomers searched for it. They knew that “something” was out there in the darkness of space, because it perturbed the planets on the outer fringes of the solar system. But they couldn’t find it with their primitive telescopes. Because it is so “dark,” it was hidden in the vast darkness of space beyond the fringes of the solar system. But astronomers finally did find it. In 1981 its discovery was reported in major newspapers around the world. I have copies

of some of the news articles documenting its discovery in my possession. Astronomers found Planet X using the latest Infrared Radio telescope technology, and published their findings for the whole world to read. Planet X is real!

A unique feature of Planet X is that it has the largest electromagnetic field of any planet in the solar system, exceeded only by that of the Sun. Because of its powerful electromagnetic field, Planet X functions like a gigantic “magnet” in space. As Planet X continues on its inbound journey into the solar system, astronomers are recording subtle [and some very dramatic] changes taking place on every planet in the solar system. Read Psalm 102:25-26. These changes are being caused by the super powerful electromagnetic field of Planet X. The closer Planet X comes, the more dramatic, apparent, and violent, these changes will become.

As Planet X approaches, just like any “magnet” will do, it is pushing comets, asteroids, rocks, dust, and all kinds of space debris ahead of it, as well as trailing similar material behind it. Our equation begins with [1] the approach of Planet X, and then proceeds to the second step in the equation.....

The Sun

Some of the space debris being pushed ahead of Planet X [much more trailing behind] is being pulled into the Sun, because of the superior electromagnetic field of the Sun. As space debris crashes into the Sun, violent explosions are occurring. It is interesting to note that most of these solar explosions are occurring on the far side of the Sun; the side facing away from the earth. This is because Planet X is approaching the inner solar system from behind the Sun. The explosions occur, then as the Sun revolves the agitated sites rotate around to face the earth, often still agitated and still exploding. When these solar explosions are large enough, they throw off particles of electromagnetic energy into space [CMEs]. Due to the approach of Planet X, solar explosions are right now at an all time high, far in excess of Sun cycles recorded by astronomers in the past. Therefore the amount of electromagnetic energy being thrown into space far exceeds that of past Sun cycles. This excess of electromagnetic energy in space brings us to the third step in our equation.

[1]...The approach of Planet X = [2]...solar explosions on the Sun, which = [3] ...heating of

The Core of the Earth

According to geologists, the core of the earth is a fiery mass of molten iron, and is highly magnetic. In other words, the core of the earth is a huge “magnet” which attracts and absorbs electromagnetic energy. This is the way the Lord designed

the earth when He created it, and such is necessary to maintain life on earth. In the past the core of the earth absorbed just the right amount [whatever that is] of electromagnetic energy to maintain a suitable temperature for life on earth. But now.....

Due to the massive amount of solar explosions occurring on the Sun, the core of the earth is absorbing an amount of electromagnetic energy far in excess of the "normal" amount. This excess is causing the core of the earth to heat up far above its normal temperature range. I suggest that our readers study Deuteronomy 32:22 and Isaiah 5:14-16 very carefully. This overheating of earth's core is causing all kinds of problems in and on the earth, which brings us to the fourth step in our equation. [1]...The approach of Planet X = [2]...solar explosions on the Sun, which = [3]...heating of the core of the earth, which =

Global Warming

The overheating of the core of the earth is the cause of what many scientists today are calling "Global Warming." Indeed the globe is warming, but mankind is not causing it. The scientists and environmentalists "fruitcakes" are lying to the people about the root cause of global warming. It is the excessive heating of the core of the earth that is permeating the whole interior of the earth. This excessive heat is filtering outwards from the core and upwards to the surface of the earth. As it does, this in turn is causing all kinds of problems in and on the earth. And this brings us to step five in our equation. [1]...The approach of Planet X = [2]...solar explosions on the Sun, which = [3]...heating of the core of the earth, which = [4]...global warming, which = [5]...

Geological Upheaval

There are two facts which most people will readily acknowledge as being true.

1. Heat causes expansion. For example: When do you have the most problems with "sticking" doors? In the heat of summer, or in the cold of winter? Obviously, the answer is the heat of summer. In the heat of summer doors expand and "stick." In the cold of winter those same doors shrink, allowing them to open and close without "sticking." This is a simple illustration, and is an easily observed truth.

2. Tectonic plates. The surface of the earth consists of "plates" resting [floating] on the mantle of the earth. There are approximately twelve of these large tectonic plates that make up the earth's surface. These include land both above and beneath the seas and oceans. These "plates" are commonly referred to today as the "Continental Plates."

With these two facts in mind, it should then be obvious that excessive heating of the core of the earth is causing the tectonic plates to expand. Expansion is

always accompanied by movement. It doesn't take a rocket scientist to figure out what this means. The expansion and movement of the tectonic plates is causing earth tremors and earthquakes. The more the plates expand and move, the more earthquakes there are, the larger they are, and the faster they occur. Simple logic! Hold on! As the "redneck" says, "You ain't seen nuthin' yet!"

The Lord Jesus Christ, nearly 2,000 years ago, knew these things were going to happen, and even predicted when they would happen; right at the time this present dispensation is drawing to a close. Read again Matthew 24:7, Mark 13:8, Luke 21:11, 21:25-28, and "be not faithless, but believing," John 20:27. You might also read Luke 21:36, John 3:16, 14:6, Acts 16:31, and Romans 10:8-13.

For many years the subject of "global warming" has been hotly debated in scientific circles around the world. Today the evidences of "global warming" are so abundant that only a few "stubborn" radicals still deny it. For the most part, the debate has shifted away from whether "global warming" is actually occurring to the question of what is causing it. The globe is heating up!

Enter the environmentalists "wackos." They claim that the sole cause of global warming is mankind. They tell us that global warming is caused by burning fossil fuels, depleting the forests, draining the wetlands, contaminating the air with the fumes of automobile exhausts, using hair spray and refrigerant, smoke from factories and refineries, the exploding population, blah, blah, blah. Their claim is that all of these things are heating up the atmosphere. Nothing could be further from the truth!

A truth that the environmentalists "fruitcakes" don't want to hear is that there was far more pollution in the atmosphere two hundred years ago than there is today. Two hundred years ago all of humanity was using wood and coal for heating and cooking. Far more fluorocarbons were being injected into the atmosphere at that time than they are today. But strangely, there was no "global warming" back then. Rather, according to historians, two hundred years ago the earth was experiencing a cycle of bitter cold winters and cool summers. How do the environmentalists "nuts" explain this? Duh! But let's not confront environmentalists with the truth. Truth only frustrates and angers them.

For instance, the environmentalists love to point to the melting of the polar icecaps and glaciers as "proof" that mankind is causing "global warming." Oh really? Such a claim sounds good, and certainly appeals to simple minds. But there is a slight "flaw" in such a claim. Numerous scientific studies in the recent past have revealed that the icecaps and glaciers are melting from the bottom. If the atmosphere was really the main source of global warming, then the icecaps and glaciers should be melting from the top.

Even as I am writing this article, the news media is reporting that scientists are alarmed because of the massive quantities of water now trapped and pouring out from under the glaciers and icecaps. Scientists, just in the last two weeks [March], have publicly stated that there is so much water under the icecaps, that in the event of a major earthquake the entire icecap could slide off the land [Greenland; Iceland; Antarctica; Northern Canada; Siberia; etc.] into the ocean. The water acting as a lubricant! Folks, when such happens there will be major earthquakes, tsunamis and worldwide flooding unlike anything modern man has ever seen or even imagined. Now isn't that interesting? Let the critics of God's Word read Psalm 46:1-3, Isaiah 28:17, Daniel 9:26, Amos 5:8, 9:6, and Habakkuk 3:10, and tell us again how the Bible is out of date and not relevant to our times. Sic! Folks, it is going to happen! This is why the Lord warned the people dwelling in the islands and along the sea coasts of the earth. See Isaiah 59:18, Jeremiah 25:31-33, and Ezekiel 39:6. Wise people will take heed!

Folks, the icecaps and glaciers are melting from the bottom. This clearly reveals that it is not the atmosphere that is the source of global warming. Rather, global warming is being caused by heat coming from the interior of the earth. Hello! Are we awake yet?

Due to "global warming" moving the tectonic plates, more and larger earthquakes are occurring. Fault lines in the earth are widening, and molten magma is pushing upwards from the bowels of the earth through the widening faults. "Active" volcanoes are becoming even more active [Mt. St. Helens; Yellowstone; etc.], and so-called extinct volcanoes are awakening and becoming active, and new volcanoes are popping up all over the earth. Reports by geologists and seismologists state that there is now so many undersea volcanoes erupting that they have actually run out of the high technology equipment needed to monitor them. Frightening? "You ain't seen nuthin' yet!"

Remember our equation? [1]...The approach of Planet X = [2]...solar explosions on the Sun, which = [3]...heating of the core of the earth, which = [4]...global warming, which = [5]...geological upheaval, which = [6]...

Weather Running Wild

As the tectonic plates expand and move, heated up from the interior of the earth, molten magma is pushing upwards between the plates beneath the oceans and seas. This is causing the ocean floor to raise in some places, and fall in others. This altering of the floor of the sea is changing ocean currents, and the hot magma is raising the temperature of the seas and oceans. Geologists and seismologists tell us that constant tremors and earthquakes are now occurring beneath the seas and oceans all over the earth. This is not only a danger to creatures that live in the sea, but it is a great danger to humanity living upon the face of the earth.

As ocean temperatures rise and ocean currents change, so do the weather systems and patterns. The weather we experience at any given time is determined almost solely by what is happening in the seas and oceans. Folks, the weather is going crazy. It has become so unpredictable that meteorologists all over the world are wringing their hands in despair. They can't even make a reliable weather forecast for the next 24 hours. No, I'm not being critical or making this up. I have reports from such reliable sources as NOAA and USGS stating exactly what I am sharing with my readers. Meteorologists are confounded by what is occurring with the weather systems.

Get this picture.....The nation of Somalia is a semi-tropical country located almost on the equator. The heat of summer. Suddenly, a bitter cold wind blows across an area of Somalia and snow begins to fall. The Somalian people are terrified. Most of them have never seen snow. They don't even know what it is. Enough snow fell on that day in Somalia this past summer [2005] to collapse small thatch roofed houses and buildings. A tall tale? Folks, I have the news report laying on my desk as I write.

About two weeks later northeastern China was deluged with rain. How much? News reports state that it rained 118 inches in 12 hours. Folks, that lacks 2 inches being 10 foot of rain in that 12 hour time span. Of course the area was flooded. Of course there was great destruction and loss of life. Then the storm moved into southern China and stalled, continuing to rain for weeks. All of this was reported on news channels right here in the U.S. Were you listening?

A week later a storm in India dumped 9 inches of rain in 1 hour. This was also reported on the national news right here in America.

Then there was the hail storm in Nebraska last summer, in which, according to the national news media, grapefruit sized hail fell from the sky.

There were also terrible floods in Switzerland, Germany, France, and various other countries in Europe and Asia. The news media right here in the U.S. has reported on most of these events. You didn't hear the reports? What are you listening to.....soap operas and ball games? Wake up people! This is not "normal" weather! The weather systems on the earth are "out of whack," and it is not going to get any better.

Now how about all the severe weather occurring right here in the United States? January and February, 2006 were the warmest winter months on record. The tornado season started six weeks early this year. In just one night earlier this month [March] there was 113 tornadoes that swept across Missouri and neighboring states. Here in Missouri 10 people were killed and over 1500 homes damaged or destroyed. Folks, totally unexpected hail storms, tornadoes, hurricanes, straight winds so strong that they uproot trees and blow the roofs off of houses, and excessive amounts of rain, are occurring all over the U.S. and other parts of the world. Freak storms. Sudden temperature changes. Floods in

some areas. Drouth in others. I have personally heard meteorologists reporting the weather, say, "We weren't expecting this!" Folks, the weather is no longer "normal." It is running wild! And I have told you why! The Prophetic Equation is unfolding right before your eyes. Are you paying attention?

The Prophetic Equation.....[1] The approach of Planet X is causing [2] massive solar flares on the Sun which throw off electromagnetic energy into space, which is causing [3] the core of the earth to overheat, which is causing [4] global warming to occur, which is causing [5] geological upheaval, which is causing [6] total disruption of the weather systems on earth.

Did you hear it this time? Folks, these things are not happening at this specific time without any rhyme or reason. God's Word declares, "To every thing there is a season, and a time to every purpose under the heaven," Ecclesiastes 3:1. See also Ecclesiastes 3:17 and 8:6. This Prophetic Equation is occurring today because the time for God to judge the wicked is staring humanity in the face. Mankind will now repent or perish!

God's Weapons of War

Folks, whether wicked men believe it or not, the Judeo-Christian Scriptures are indeed the inspired Word of Almighty God, and the Lord Jesus Christ is exactly Who He claimed to be; "Immanuel" [God in flesh], the only Savior and the only way of salvation, Isaiah 7:14; John 14:6; Acts 4:12. Men, women, boys, and girls will repent of their sin and receive Christ as their personal Savior, or they will perish eternally, Revelation 20:15.

This entire Prophetic Equation was predicted in the Scriptures centuries ago. I call your attention to The Book of Job, a book in God's Word that makes the "discoveries of modern science" look old and outdated. The Book of Job, it has been estimated by Bible scholars, was written nearly 4,000 years ago. In Job 38:22 the Lord asked Job, "Hast thou entered into the treasures of the snow? or hast thou seen the treasures of the hail, which I have reserved against the time of trouble, against the day of battle and war?" The Lord, many centuries ago, was obviously looking forward to the time [Tribulation] when He would do battle against the wicked. The Lord pointed out to Job that His weapons of war during this yet future time will not be guns and bullets, missiles and bombs, tanks and planes, etc. All such are man-made "puny" devices when compared with the power of so-called "nature." The greatest nuclear bomb man has ever invented pales into insignificance when compared with the mighty power of the creation that the Lord has at His disposal. There is more raw energy released in one severe thunderstorm than in a hundred nuclear bombs. And though puny little men are experimenting with "weather war" today, and trying to control the weather, it is Almighty God who has the final say about the weather.

".....O Lord my God, Thou art very great;Who maketh the clouds His chariot: Who walketh upon the wings of the wind," Psalm 104:1-3.

The Psalmist wrote in Psalm 148:7-8, "Praise the Lord from the earth, ye dragons, and all deeps: Fire, and hail; snow, and vapors; stormy wind fulfilling His Word;..."

The prophet Jeremiah was inspired to write of the Lord, "He hath made the earth by His power, He hath established the world by His wisdom, and hath stretched out the heavens by His discretion. When He uttereth His voice, there is a multitude of waters in the heavens, and He causeth the vapors to ascend from the ends of the earth; He maketh lightnings with rain, and bringeth forth the wind out of His treasures," Jeremiah 10:12-13.

In Nahum 1:3 it is specifically stated, "The Lord is slow to anger, and great in power, and will not at all acquit the wicked: the Lord hath His way in the whirlwind [hurricane] and in the storm, and the clouds are the dust of His feet."

Do these Scriptures give our readers any insight into WHO is in charge of the elements of "nature?" There are many other similar Scriptures in God's Word.

Folks, the creation obeys its Creator. In Mark 4:39 the Scripture says of our Lord, "And He arose, and rebuked the wind, and said unto the sea, Peace, be still. And the wind ceased, and there was a great calm." Glory! Praise the Lord! Hallelujah! What a God we serve! What a Savior!

Back to Planet X

Centuries ago the Lord Jesus Christ said, "Heaven and earth shall pass away, but My words shall not pass away," Matthew 24:35. See also Mark 13:31, Luke 21:33, and 2 Peter 3:10. Each of these statements is translated from the Greek word, "parerchomai." This Greek word literally means, "to pass; go past; to be carried past; to be led past; to pass by; etc." See Thayer's Greek Lexicon, page 488, Strong's No. 3928. Christ plainly stated in these passages that at some point in the future, one or more heavenly bodies would come flying past the earth. Likewise Peter used the same Greek word and pointed out the same truth in his epistle. When this happens it will cause great destruction in the solar system and upon the earth. This clash between the earth and the heavenly bodies is plainly predicted in God's Word to occur in connection with the promised return of Christ Himself, Luke 21:25-28. Glory!

The point I am making here is that centuries ago the Lord Jesus Christ Himself predicted the coming of Planet X. He even predicted, 2000 years in advance, the time when Planet X [and other heavenly bodies] would come flying past the earth. The time the Lord predicted was to be during the "generation" that would see "the fig tree.....shoot forth," Luke 21:29-33, and "putteth forth leaves," Matthew 24:32-35; Mark 13:28-31.

Folks, "the fig tree" is a symbol of the restored nation of Israel, Jeremiah 24:1-7; Hosea 9:10. Israel was "cut down" as a nation nearly 2000 years ago, exactly as predicted by John the Baptist, Matthew 3:7-10, and by the Lord, Luke 13:6-9. For nearly 2000 years the Jewish people were only a "dry stump" among the nations, Luke 23:31. Yet their "root" remained in the land of Israel, Romans 11:16-18. Nearly 4000 years ago the old Patriarch Job said, "For there is hope of a tree, if it be cut down, that it will sprout again, and that the tender branch thereof will not cease. Though the root thereof wax old in the earth, and the stock thereof die in the ground; Yet through the scent of water it will bud, and bring forth boughs like a plant," Job 14:7-9. Folks, during 1947-49 Israel was reestablished as a nation again, and slowly began to put forth a "tender...branch," Matthew 24:32. In the wars that followed the "leaves" began to appear as Israel expanded her territory. You see, "through the scent of water" [the Messiah; John 7:37-38] the "fig tree" had "sprouted" again. Glory! Praise the Lord!

Folks, this is our generation; we that are living today. I saw Israel restored as a nation in 1948-49. I have watched "the fig tree" bud. I saw Israel "put forth her branches" in 1967 when our merciful God restored to Israel the city of Jerusalem, the Temple Mount, the Sinai peninsula, and the "west bank." I watched in horror as faithless secular Jewish leaders gave the Temple Mount and the Sinai back to their enemies, in absolute disobedience to God's Word. And as I have watched, I have faithfully studied the great end-time prophecies of the Word. I have seen prophecy after prophecy fulfilled during "this generation," and I am still watching the end-time scenario unfold exactly as the prophetic Scriptures predicted so long ago. Glory!

Conclusion

Folks, God's Prophetic Equation is unfolding right before our eyes. All of the predicted "signs" and "time periods" have either been fulfilled or are just ready to be fulfilled. The coming of the Lord is right at the door! Revelation 3:8, 3:10, and 4:1. Are you ready? Really?

Any reader of this newsletter who needs spiritual help is invited to contact us. By God's grace, we will help you to find salvation through Christ or peace and joy as a child of God. Call, email, or write today.

"Beloved, now are we the sons of God, and it doth not yet appear what we shall be: but we know that, when He shall appear, we shall be like Him; for we shall see Him as He is. And every man that hath this hope in Him purifieth himself, even as He is pure," 1 John 3:2-3

"Even so, come, Lord Jesus," Revelation 22:20.
